

Textbook Affordability Act (Section 1004.085, Florida Statutes)

Requires:

Public Post-secondary institutions to conduct cost benefit analyses and report annually to chancellors on implementation of textbook affordability policies.

- Universities post prominently lists of recommended and required textbooks 45 days prior to first day of class for at least 95% of course and course sections.
- Establishment of deadlines for instructor to submit adoptions to bookstore for availability and sourcing.
- Confirmation by Instructor or department that all items will be used.
- Evaluation of cost savings for students if they Opt-In.
- Annual report to SUS Chancellor by 9/30.
